---

## SUMMARY

Computer Engineer and AI Automation Specialist who turns manual processes into scalable, measurable systems across software development, automation, and data analytics. Combines hands-on engineering with analytical reporting to ship practical, data-driven technology solutions.

## EXPERIENCE

### Technology Integration Specialist – Infosys BPM

*Dec 2025 – Present*

- Integrate and support enterprise technology workflows, bridging business processes with automation and reporting systems.
- Completed iSAFE security-awareness certification to uphold data-handling and compliance standards.

### Collections Specialist – Service Finance Company, LLC

*Dec 2025 – Present*

- Perform skip tracing and account research using LexisNexis, Equifax, and TLO to locate and resolve accounts.
- Leverage advanced Excel and data reporting to track outcomes and prioritize high-impact accounts.

### Software Engineer & Network Engineer – DepEd Philippines

*Mar – Jul 2025*

- Developed software solutions and maintained network infrastructure, including NAS storage and Wi-Fi load balancing.
- Provided hardware support and optimized connectivity across the local environment.

## PROJECTS

### Personal Portfolio Website · [cherubbenson.com](http://cherubbenson.com)

Responsive personal site showcasing engineering projects, skills, and experience, with a clean, fast, mobile-friendly UI.

### Flutter + Firebase Monitor App

Cross-platform app for real-time temperature and humidity monitoring via Firebase Realtime Database, with viewing windows from 30 minutes to 3 months.

### ESP8266 DHT11 Firebase Logger

IoT firmware that reads DHT11 sensor data and logs it to Firebase with accurate NTP timestamps.

## SKILLS

**Programming:** Flutter, Dart, C++, Arduino, IoT Integration

**Cloud & Data:** Azure Databricks, Azure SQL, Apache Spark, Power BI

**Automation:** AI Integration, Process Automation, Workflow Optimization

**Infrastructure:** NAS Storage, Wi-Fi Load Balancing, Hardware Support

**Tools:** Advanced Excel, Data Reporting, Skip Tracing, LexisNexis, Equifax, TLO

## EDUCATION & CERTIFICATIONS

### B.S. Computer Engineering – STI College

*Sep 2021 – Jul 2025*

### IT: Mobile App & Web Development – STI College

*Jun 2019 – Jun 2021*

**Certifications:** Azure Databricks (Databricks / Microsoft) · iSAFE – Security Awareness for Everyone (Infosys)
